Info for EVERYONE concerning Explorations

I have decided to NOT count the explorations as part of the final exam. In future school years I may, but since this is the first year I have done this I feel like it is a little unfair.

At this point I don't think I am going to count it as anything. And that is selfishly to make it be less I have to grade. Many students have been asking for a chance to make revisions. That means I have to regrade a new paper. By not counting it as anything I now only have 22 that may have to be regraded if people choose to submit a second draft. I will be busting my butt to get all 22 regraded in time. And once those are done I need to work on writing projects from Precal.

I feel that everyone has learned something from the assignment. And I can tell you what kind of grade you would have received if you wish.

Info for those TESTING

Whether you plan on resubmitting a revised draft or not, I need everyone to give me a new copy of their paper (2 copies if you are resubmitting a revised draft).

Your new copy MUST be double spaced, MUST have a title (other than Exploration… For example, The Math Behind Minesweeper), MUST NOT have your name or my name ANYWHERE on it (that means no header or footer too), and MUST NOT be stapled. Please put a paper clip on it and a post-it note (or a paper clipped piece of paper) with your name on it. Let me know if you need a paper clip or a post-it note.

Info for those that want to RESUBMIT

In order to avoid using class time, I need for you to email me to let me know that you want to resubmit. I will email you back sometime TUESDAY with some suggestions of things you might want to change. If you don't receive an email back that means I didn't get your email. I need the revised drafts NO LATER THAN MONDAY, MARCH 9th (see above paragraph for procedure when turning it in)

I must have them regraded and turned in no later than March 20th. I will NOT accept ANY papers after Monday. If you are absent you MUST email it to me. If I don't reply to your email then I haven't received it. You MUST also resubmit to Turn-it In.

I wanted to let you know this ASAP so you can make changes. Sorry for the short notice but I needed to wait until I met with New Albany. And it sounds like a snow day or two hour delay could be in the near future. Take advantage of that time if it comes. And the weekend.
